PROFESSIONAL DJ MIDI CONTROLLER

The Kontrol One is a professional dj midi controller designed specifically to enjoy the functionality of the most advanced dj pro softwares in the world. Kontrol One will satisfy the needs of the dj s, that still want the tactile experience of Djing, with digital media in computer based systems. With a touch sensitive jog wheel, scratching experience will never be that easy. KONTROL ONE, for Total control.

- World first: Innovative 'Deck Select' rotary switch. Use it to control 4 decks at once.
- 4 rotary encoders with LED rings and 'push to switch' function for ultimate control over FX effects, filters, samplers....
- 21 push buttons of which 18 are back illuminated for clear vision in dark zones.
- Special size and shape to be used with dj hardware mixers.
- Self powered. The Kontrol One USB connector allows it to be powered directly from a compatible USB bus.
- Strong metal case and high quality components ensures a significantly longer lifetime.
- Win, Mac and Linux compatible.
